ADJUSTABLE PINNACLE SERIES

5/16" to 1/2"

SPECIFICATIONS:

Glass Thickness: 5/16" (8 mm) to 1/2" (12 mm) Tempered Safety Glass

Special Feature: Adjustable to any angle up to 90° without having to take door down

Construction: Solid Brass

Hinge Swings: 90° in and 90° out (at factory set position)

Closing Type: Self-Centering when within 15° of closed position

Cut-Out Required

Includes: Gaskets, Screws, and Glass Fabrication Dimensions

Note: Door glass width may require alteration from standard clearance deductions when adjusting angles. Call for details.

Adjustable Pinnacle Series Hinges take our popular Pinnacle Hinge to a new level. Adjustment to accommodate the desired angle (up to 90°) is done after the door is installed. Once the door is hung, simply loosen the Allen set screws and turn the door to the desired closed position. By merely tightening the Allen screws your door will self-center to the desired closed position. The door can swing 90° inward and also 90° outward (adjusting angle from factory set position will reduce 90° swing in that direction). For doors pulling outwards only (using a clear door jamb), you can adjust the hinge to close 5° inside the shower area, thus having the door close snugly against the jamb.
