PART NUMBER

REVvive by RSG Dry Guide Coat

666233**91008**

COLOR: Black

PACKAGE SIZE

Aerosol, 15.2 fl. oz. / Net Wt. 10.9 oz.

6/case

DESCRIPTION

Dry powder guide coat used to highlight and identify surface imperfections when sanding fillers, primers or uneven surfaces. Convenient aerosol application provides no waste, less mess, and no clean-up.

APPLICATION

MIXING: Shake the aerosol can for at least 2 minutes before use.

- Spray directly on to cured body filler or primer.
- Allow to dry for a few seconds.
- Sand to required finish. Remaining low spots in surface will show up as black spots.

TECHNICAL DATA

VOC INFORMATION: Maximum Incremental Reactivity (MIR): 0.8 (Flat Coating)

STORAGE INFORMATION

SHELF LIFE: 2 years from manufacture subject to good storage conditions.

Aerosol cans should be stored for two hours at room temperature before use. For long term storage, keep in a dry, well-ventilated area and away from direct sunlight and frost. To maximize the lifespan of your aerosol, always invert the can and spray upside down for a few seconds after each use to clear the nozzle. If the nozzle becomes blocked, remove it from the can and soak it in gentle thinners.

RECOMMENDED STORAGE TEMPERATURE: 41 °F - 77 °F

RECOMMENDED APPLICATION TEMPERATURE: 68 °F

PRECAUTIONS

For use only by professional use only. Before use, read and follow all TDS, label and SDS precautions
